## MINUTES OF 1961 TOWN MEETING

---

At a legal meeting above notified and held at the School Building in Greenland, N. H. on Tuesday, March 14, at 8:00 o'clock in the evening, the meeting was opened by the Invocation given by the Reverend Sion M. Lynam. This was followed by a salute to the Flag led by the following color guards: Boy Scout, James Rolston; Cub Scout, Franklin Durgin, Jr.; Girl Scout, Carol Boardman. The Warrant was then read by Moderator Frank M. Marshall.

Articles 1 and 2 — By non-partisan ballot cast from 10:00 A.M. to 6:00 P.M., the following officers were elected and sworn in by the Moderator, as soon as announced by the Town Clerk.

Town Clerk, Esther M. Beals; Selectman for 3 years, George E. Gowen; Treasurer, Constance Syphers; Tax Collector, Andrew R. Schools; Fire Chief, William B. Brackett; Highway Agent, W. Richard Weeks; Auditors, Herman W. Parker, Frank E. Wirling; Library Trustee, for 3 years, Judith W. McAdams; Trustee of Trust Funds, for 3 years, Parker A. Rolston.

Also sworn in were the following appointed officers: Chief of Police, John M. Sargent; Deputy Police, John A. Chick, Raymond J. Maher, Frederick Bourassa, A. Duncan Brackett; Health Officer, Harold A. Syphers; Building Inspector, Roy K. Fernald; Board of Adjustment, Donald H. Ladd; Planning Board, Harland L. Boardman.

On the motion of Ralph D. Fisher, a rising vote of appreciation was given to Mrs. William E. Beck for her 44 years of faithful service as a Library Trustee, and to Mr. Horace W. Cannon for his 9 years as a Trustee of the Trust Funds.

Article 3 By vote, postponed until after Article 5.

Article 4 It was moved by Frank G. Rolston, seconded by George E. Gowen that the town vote to raise the compensation of the Town Treasurer from \$125 to \$175 per annum. Passed.

Article 5 It was moved by G. Newton Weeks, seconded by Frank G. Rolston, that the town vote to pay the Treasurer of Trust Funds the sum of \$50 per annum for his services as bookkeeper of the Trustees. Passed.

Article 3 G. Newton Weeks read and explained the town charges and moved that the town vote to raise and appropriate the sum of \$21,713.59 the estimated amount necessary to defray town charges for the ensuing year. Herman W. Parker made the suggestion that since other town officers are paid a fixed amount for their work, it would be fitting to pay the Tax Collector in the same way. Following some discussion it was moved by Frank G. Rolston, that the amount, on a year to year basis, be fixed at \$1,500. Mr. Weeks then amended his figures to read \$21,588.59 and Article 3 was passed.

Article 6 It was moved by Frank G. Rolston, seconded by Violet Chisholm, that the town vote to raise and appropriate for the building, repair and maintenance of highways and bridges the estimated amount of \$5,500 for summer work and \$4,000 for winter work. Passed.

Article 7 On motion of John R. Brackett, the town voted to raise and appropriate the sum of \$97.58 against the State's \$650.51 for construction and maintenance of Class 5 roads. Passed.

Article 8 The motion was made by Frank G. Rolston, seconded by Mr. Lynam, that the town vote to raise and appropriate the sum of \$450 for the extermination of moths and elm tree beetles. Passed.

Article 9 On motion of Parker A. Rolston, the town

voted to raise and appropriate the sum of \$700 for the support of the Weeks Public Library. Passed.

Article 10 It was moved by Donald H. Ladd that the town vote to raise and appropriate the sum of \$1,000 for the care of the cemeteries. Passed.

Article 11 On motion of Donald H. Ladd the town voted to raise and appropriate the sum of \$150 for the care of parks. Passed.

Article 12 It was moved by Parker A. Rolston that the town vote to raise and appropriate the sum of \$50 for the observance of Memorial Day. Passed.

Article 13 On motion of John R. Brackett, the town voted to raise and appropriate the sum of \$100 for the Seacoast Regional Development Association for publicity and promotion as authorized by State Statute. Passed.

Article 14 It was moved by John M. Sargent that the town vote to authorize the Selectmen to borrow money on short term notes, in anticipation of taxes. Passed.

Article 15 The question was asked by Mr. Robert Crothers as to the need for a vote on this article. After it was explained that it was necessary in order to conform to State Law, the motion was made by John M. Sargent that the town vote to authorize the Selectmen to dispose of any property acquired by tax sale. Motion passed.

Article 16 Herman W. Parker explained, for the Water Board, that, although definite action could not be taken at this time because Portsmouth was not sure of the amount of water from its new wells, the Water Board would like to have some money available if there should be a need for it. He moved that the town vote to raise and appropriate the sum of \$2,000, to be used at the discretion of the Water Board and approved by the

Selectmen, toward the further development of the water system in the town of Greenland. Motion passed.

Article 17 G. Newton Weeks explained that the Mosquito Commission, composed of representatives from the neighboring towns and Pease Air Base, had been holding discussions about methods of spraying, and favored at this time, the fog mist spray. Mr. Parker spoke of the need of studying the town in order to eliminate some of the bad mosquito breeding places. It was moved by Mr. Weeks that the town vote to raise and appropriate the sum of \$500, for the control of mosquitoes, in conjunction with the Commission of area towns. Motion passed.

Article 18 Since there was no other business to be transacted the meeting was adjourned.

ESTHER M. BEALS,

Town Clerk

**TOWN WARRANT**  
**GREENLAND, NEW HAMPSHIRE**

---

**THE STATE OF NEW HAMPSHIRE**

(L. S.)

To the Inhabitants of the Town of Greenland in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Greenland Central School in said Greenland on Tuesday, the thirteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

(The polls will open at 10:00 A.M. and will close no later than 6:00 P.M. to elect Town Officers. Discussion and action on the other articles in the warrant will take place beginning at 8:00 P.M.)

2. To hear the report of the Town Clerk on the result of your ballot in the election of Town Officers.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. The estimated amount for town charges is \$21,227.50.

4. To see what sum of money the town will vote to raise and appropriate for the building, repair, and maintenance of highways and bridges. The estimated amount is \$5,500. for summer work and \$4,000. for winter.

5. To see if the town will vote to raise and appropriate the sum of \$97.06 against the State's \$647.05 for construction and maintenance of Class V roads.

6. To see if the town will vote to raise and appropriate the sum of \$450. for the extermination of moths and elm tree beetles.

7. To see if the town will vote to raise and appropriate the sum of \$1,000. for the support of the Weeks Public Library.

8. To see if the town will vote to raise and appropriate the sum of \$1,000. for the care of the cemeteries.

9. To see if the town will vote to raise and appropriate the sum of \$175. for the care of parks.

10. To see if the town will vote to raise and appropriate the sum of \$50. for the observance of Memorial Day.

11. To see if the town will vote to raise and appropriate the sum of \$150. for the Seacoast Regional Development Association for publicity and promotion as authorized by State Statute.

12. To see if the town will vote to authorize the Selectmen to borrow money on short term notes in anticipation of taxes.

13. To see if the town will vote to adopt the following as a code of operation for the Water Board of the town:

The Water Board of Greenland shall consist of three members one of whom shall be appointed by the Selectmen each year for a term of three years.

The Water Board of Greenland shall:

- a. Receive, consider, and if approved transmit to the Portsmouth Water Department all requests for water service.
- b. Plan future extensions and improvements to the water service in the Town and prepare and promulgate rules and standards for the extensions

of water mains and service, including the location of hydrants and valves.

- c. Negotiate with developers of land within the Town and with the City of Portsmouth concerning the extension of water mains and services within the Town.
- d. Approve all extensions of water mains and services within the Town and oversee the construction of the same to ensure compliance with Town standards.
- e. Approve and supervise the installations of all water mains and appurtenances authorized to be constructed by the Town.
- f. Keep the Selectmen informed in all matters relating to water and make recommendations to them from time to time regarding such measures as the Board feels should be taken to protect water sources within the Town.

14. To see if the town will vote to raise and appropriate the sum of \$3,000. to be used at the discretion of the Water Board and approved by the Selectmen, toward the further development of the water system in the town of Greenland.

15. To see if the town will vote to raise and appropriate the sum of \$300. for the control of mosquitoes in town.

16. To see if the town will vote to accept two pieces of road which have been built according to specifications in the ordinances and have met the approval of the Planning Board and the Town Road Agent; namely, the extension of McShane Avenue for a distance of 100 feet then turning southeasterly and extending for a distance of 850 feet on Meadow Lane. This Lane adjoins Hillside Drive which was accepted in 1961.

17. To see if the town will vote to empower the Selectmen to accept sections of road; namely, Sunset Drive running westerly from Tuttle Lane approximately 650 feet and connecting with one, Riverside Lane, running southerly from Route 101 for a distance of 750 feet. With the approval of the town, the Selectmen may act to accept these roads if and when the same are built according to specifications in the ordinances, and meet the approval of the Planning Board and the Town Road Agent.

18. To transact any other business that legally may come before this meeting.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord nineteen hundred and sixty-two.

G. NEWTON WEEKS,  
FRANK G. ROLSTON,  
GEORGE E. GOWEN,

Selectmen of  
Greenland, N. H.

A true copy of Warrant—Attest:

G. NEWTON WEEKS,  
FRANK G. ROLSTON,  
GEORGE E. GOWEN,

Selectmen of  
Greenland, N. H.

## WEEKS LIBRARY REPORT

---

New registrations for the year 1961—	
Adults	24
Juvenile	85
	<hr/>
	109
Circulation for 1961—	
Fiction — adult	2941
Non-fiction — adult	807
Juvenile	2002
Magazines	315
	<hr/>
	6065
New books added to the library—	
Adult fiction	83
Adult non-fiction	35
Juvenile	38
	<hr/>
	156

This total includes books given to the library by interested friends, for which we extend our thanks.

There has been an increase in the number of children visiting the library. This is due partly to the number of new residents in town, and partly to the fact that the State Bookmobile is now leaving children's books at the library only. The school pupils are allowed to come to the library, grade by grade, on Tuesdays, and select books. The plan has worked out very well and it is hoped that it will lead to a wider use of the library.

The State Bookmobile librarian, Mrs. Rachel Sanborn, and the State Library in Concord are most co-operative. We depend on these sources for books on special subjects of all kinds.

We appreciate the thoughtfulness of the many friends  
who have donated books or magazines.

Respectfully submitted,

CATHERINE M. SYPHERS,

Librarian

## REPORT OF LIBRARY TRUSTEES

---

During the past year a number of improvements have been made to our library. New window shades have been installed, window screens repaired and the floor cleaned and buffed.

The cataloging system for books is being modernized with a cross index by author, title, subject and shelf list card. This will assist our readers in locating the material they are looking for more readily. A systematic "weeding" of books is being carried on by our librarian under the direction of Mrs. Rachel Sanborn of the State Library Extension Service.

The State Bookmobile is making its scheduled stops and affords us the opportunity to read many fine books which would otherwise be unavailable. As the bookmobile no longer stops at the Greenland School, students are allowed to visit the library near the end of the school day once a week. This added service has made it necessary for our librarian to rearrange her hours and to stay open for longer periods.

Future goals are to increase the number of books we purchase annually, particularly in the fields of reference, science, technical, teen-age and non-fiction books. The number of new books we presently buy yearly is 60% below the State recommended average for small libraries. There is also a need for a low reading table and chairs for younger children.

We wish to extend our thanks and appreciation to Mrs. Carrie W. Beck for her many devoted years of service to the library during the forty-three years she served as trustee and also to our librarian, Mrs. Syphers, for her continued good work.

Respectfully submitted,  
THORNTON N. WEEKS,  
RUSSELL A. ROLSTON,  
JUDITH W. McADAMS,

## REPORT OF FIRE DEPARTMENT

---

The Greenland Vol. Fire Department answered a total of 27 calls for Fires and other Emergencies for the Year 1961 as compared with 22 calls for the Year 1960.

Of the calls received, two (2) were for Emergency First Aid with the balance being for Fires. Most serious of the Fires resulted in Total Loss of a Garage on Bay-side Road, Shed on Portsmouth Avenue and Large Barn on Willowbrook Avenue. In all cases, Fire Department was able to prevent spread of Fire to adjacent property. Balance of Fires were confined to a minor nature, due to prompt calling and response of Department, and consisted mainly of Grass, Woods, Chimney, Car, Flood Oil Burners, Trash Burning, Town Dump, and Crossed Wires during high wind.

Under the "Mutual" Aid System, Greenland provided Aid to Pease Air Base, Portsmouth, South Newington and Rye, and using the same system, received Aid from Portsmouth, Newington, Rye, North Hampton and Stratham.

The local Department in cooperation with other area Towns also helped to provide coverage for the City of Portsmouth, during the Legion Parade of 1961.

Members of the Fire Department again thank the people of Greenland and their various organizations for continued support of the Fire Department.

Respectfully submitted,

WILLIAM B. BRACKETT,

Fire Chief

## REPORT ON CIVIL DEFENSE

### TOWN OF GREENLAND

In connection with this report, the Director, Civil Defense wishes to invite attention to the Town Report of 1958 in which the Operational Plan is given in detail. It will be well for all residents to read this again and familiarize themselves with its contents.

The thinking on the national level though now seems to be less on evacuation of people and more on shelters both public and privately built. The Army Corps of Engineers has been designated as the agency to make a survey of all towns and cities with the purpose of locating existing facilities that can be adapted as shelters for a minimum of fifty persons each. Such a survey is now being made in Greenland.

There is at least one change in the original Operational Plan and that is the number of the population involved. Instead of 1,008 shown in the 1958 town report, the figure is now nearly 1,200. This comprises the total population residing in the town. But the number actually within limits is quite a bit less in the daytime than at night due to people working outside the town. This item is an essential part of the survey mentioned above.

The Director, Civil Defense has available for distribution a limited number of copies of a booklet entitled "Fallout Protection. What to know and do about Nuclear Attack" published by the Department of Defense - Office of Civil Defense and will be glad to issue them to any residents of the town. Copies of this booklet are also available at the Greenland Post office. The Director also has available a very limited number of pamphlets entitled "The Family Fallout Shelter" available to those who might wish to build their own private shelters.

GEORGE L. PRINDLE,  
Col. USA Ret.  
Director, Civil Defense

## REPORT OF THE WATER BOARD

---

This has been a fairly busy and profitable year, and while our accomplishments have yet to be visible, we feel that we have made great strides in our relationship with the city of Portsmouth. The future will bear the fruits of the negotiations. We are now working on a written agreement with the City of Portsmouth for a guaranteed supply of water for the Town of Greenland. We have received much planning help and technical advice from the City of Portsmouth engineers and have followed their recommendations in all of our plans.

The Selectmen have allotted the water board an agreement that requires all applications for water hookups and extensions to be submitted to the water board for approval before being submitted to the City of Portsmouth.

There are several sections of pipe in our water system that have to be replaced before much additional extension of water mains can be accomplished. To reach the final objective of an adequate water system and to supply the needs of future expansions and extensions, the improvements have to be made in a planned sequence for the most economical and efficient expenditure.

This year we have purchased 856 ft. of pipe and associated fittings including a hydrant, which are stored in Portsmouth and will be installed this spring on the Newington road to replace the 2" galvanized pipe that is presently installed. This will not only improve the water pressure in this area, but will offer much needed additional fire protection.

DONALD H. LADD

## FOREST FIRE WARDEN'S REPORT

---

### AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
  2. Secure the required burning permit.
  3. Keep your fires under control.
  4. Completely extinguish your fires before leaving them.
  5. See that your children are properly cautioned.
- Everyone will benefit by it.

1961 Fire Record

Number of fires 2

Number of acres burned  $3\frac{1}{4}$

Number of permits issued 300

## SCHOOL WARRANT

---

### STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Greenland qualified to vote in District affairs:

You are hereby notified to meet at the Greenland Central School in said District on Saturday the tenth day of March, 1962, at one thirty o'clock P. M. to act on the following articles:

The polls will be open for the election of District Officers at one thirty o'clock P. M. and may not be closed prior to seven o'clock P. M. Action on the remaining articles will start at eight o'clock P. M.

Article 1. To elect the following District Officers:

1. District Moderator.
2. District Clerk.
3. One member of the School Board for the ensuing three years.
4. District Treasurer.
5. District Auditor.

Article 2. To determine and fix the salaries of the School Board, and Truant Officer and to fix the compensation of any other officers or agents of the School District.

Article 3. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

Article 4. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District,

and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Greenland this 15th day of February 1962.

WILLIAM H. ECKHART, .

PAUL R. McADAMS,

GERALDINE C. TRAINOR,

School Board of Greenland, N. H.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board of Greenland:

There was one change in the teaching staff for 1961-1962 due to the resignation of Mrs. Arlene Dahl. Mrs. Barbara Sullivan was employed to teach English to the departmentalized grades 6, 7 and 8.

The teaching staff is as follows:

Eugene Haight, Principal, Mathematics and Science,  
Grades 6, 7 and 8

Mrs. Gwendolene Sanderson, Social Studies and Science,  
Grades 6, 7 and 8

Mrs. Barbara Sullivan, English, Grades 6, 7 and 8

Mrs. Barbara Knight, Grade 5

Mrs. Elinor Milbury, Grade 4

Mrs. Lillian Hodges, Grade 3

Mrs. Mary Varrell, Grade 2

Mrs. Margaret Blakeney, Assistant Principal, Grade 1

Mrs. Eleanor Henry, Music

Miss Mary Shea, School Nurse

Miss Gemma Jean, Assistant School Nurse

Mr. Harold Matava, Handwriting

This is an industrious and conscientious staff. Five of the teachers took the Boston University Extension course in the teaching of reading during the first semester.

The enrollment by grades as of January 15 follows:

Grade 1	33	Grade 5	28
Grade 2	31	Grade 6	27
Grade 3	29	Grade 7	23
Grade 4	31	Grade 8	19

Total 221

This is an increase of five over last year's enrollment which is evidence of a steady gain each year.

Due to the increasing demands on the school nurses' time and services and the increase in school enrollments in recent years, the Supervisory Union School Boards at the annual budget meeting in December voted to add another assistant nurse for the next school year. It was felt that there are decided advantages in doing this on a supervisory union basis so that a coordinated health program may be continued and that the health equipment, some of which is rather expensive, may be used in all of the districts in the union. The above would not be true if each school district were to employ its own nurse and carry on its own program.

This will provide as personnel a head nurse and two assistant nurses to carry out the school health program for our schools.

A part of this report is devoted to a statement by Mr. Donald Elsemore, Teacher Consultant for Supervisory Union #16, concerning work which he is doing in his role as supervisor of elementary education which gives him the opportunity to work with the elementary teachers and to assist them in their teaching. He reports as follows:

"During the last session of the New Hampshire State Legislature the title of Helping Teacher was officially changed to Teacher Consultant. Although the title is new, the task remains the same, to work toward the continued improvement of the educational growth and development of children.

"One means of bringing this about this year has been through a series of in-service training sessions for teachers. The first such meeting was held in September. Elementary teachers met with the New Hampshire Director of Mathematics, George Cunningham, for a close look at the recently completed local curriculum guide in mathematics. This guide was

developed by Supervisory Union #16 teachers and is now in the hands of each teacher. This first meeting was designed to assure the wisest possible use of this guide toward the betterment of mathematics instruction.

“Other meetings have dealt with the following topics:

“October: The teaching of reading — a panel of reading specialists answered teacher’s questions concerning specific problems in the teaching of reading.

“November: Audi-visual Aids — Mr. John Bardwell, Director of the University of New Hampshire Audio Visual Center, conducted this informative meeting. He demonstrated practical classroom uses of new audio-visual materials. He also demonstrated and discussed the possible uses of teaching machines in the school.

“February: Elementary Science Guide — Mr. Howard Wagner, New Hampshire Director of Science Education, led this meeting. Copies of the new state publication, ‘Elementary Science Guide’, were distributed to all teachers. The purpose of the meeting was to thoroughly acquaint teachers with this new guide through actual demonstrations so that once in the hands of teachers, it will be used.

“Later meetings are in the planning stage at this time. Major topics will deal with the teaching of spelling, conservation education, and a look at new textbooks and other instructional aids.

“A Boston University extension course in the teaching of reading was recently completed in Stratham. Twenty Supervisory Union #16 teachers took advantage of this opportunity to improve their reading instruction under the direction of Dr. Helen Murphy, an outstanding person in the field of reading. The

impact of this course is already being felt in our classrooms.

"This report has included only samples of the work done under the direction of the Teacher Consultant. Daily work is varied and might be summarized as including all phases of working with teachers, pupils and parents in the search for new ways to improve the quality of education."

The decision to have the Standard Achievement Tests given in the middle of the year rather than in May to all except members of the first grades has the advantage of teachers being able to use the results of the tests diagnostically. If a class shows that it is below standard in a certain subject, the teacher has the opportunity to require more work and drill in this area for the remainder of the year which procedure should result in better achievement.

Mrs. Laura Allen and Mrs. Dorothy Booker continue to serve very good meals in the Hot Lunch Program. The large number of pupils participating is the best evidence of this.

The Parent-Teacher Association deserves credit for its contributions to the educational needs of the school.

I call your attention to the reports and ables which follow.

Again I take this opportunity to express my sincere appreciation to the citizens, the members of the School Board and the teachers for their continued support and cooperation.

Respectfully submitted,

RAYMOND A. HOYT,

Superintendent,

Supervisory Union #16

## ANNUAL REPORT OF THE PRINCIPAL

---

Greenland, N. H.

January 19, 1962

To the Superintendent of Schools:

Herewith is the annual report of the principal of Greenland Central School. That old "saw" about "time flying" has some truth in it. It hardly seems possible that this is the sixth principal's report I've written.

The days of small graduating classes appear to be over. Last June, Greenland School graduated 27 eighth graders, most of whom are attending Portsmouth Junior High School. The class of 1962 numbers 19 at this writing.

Four eighth grade boys have taken the entrance tests at Phillips Exeter Academy. The Greenland PTA sponsored the tests by providing the money to pay the fees. The school appreciates this and would like to thank Mr. Charles Ferriter for his efforts in this undertaking. With 1500 boys, who are the "cream" of the academic "crop" from all over the world, seeking admission, we will be honored if any of our boys are selected.

A new trend is appearing in the teaching of junior high mathematics. The feeling is that youngsters of junior and senior high school age are capable of much more serious work in math than has been expected. Consequently, we have introduced a modern mathematics series into grades 7 and 8. The series explores areas in mathematics which formerly were taught at high school level. I am pleased to report that pupil interest, effort, and attention span have improved radically this year.

Six of the teachers attended school last fall as pupils rather than teachers. Five attended a course on the

teaching of reading offered by Boston University. One teacher took a course in social studies also given by Boston University.

The usual programs, parties, and class trips continued as in the past. We teachers thank the PTA room mothers for their time saving contributions in this social aspect of school life.

A daily calisthenics program is being followed by grades 5 - 8. The pupils enjoy it and more will be done in this vital field as time permits.

The basketball program is being continued. The teams are more successful this year as a result of added experience. We aren't winning any more games than usual but the scores have been much closer. School spirit and sportsmanship remain high in quality.

I would like to thank Mr. Everett Bennett for his cooperation and good work as custodian and wish him good luck and a happy retirement. Our new custodian, Mr. John Odiorne, is continuing the good work.

Again my thanks to the Superintendent, School Board, Supervisory Union Personnel, Teachers, Hot Lunch Staff, and parents for their continued cooperation and assistance.

Respectfully submitted,

EUGENE F. HAIGHT,

Principal

## SCHOOL HEALTH REPORT

---

To the Superintendent of Schools:

A school health program is generally recognized to include these essentials:

- A. A safe and healthful school environment.
- B. Guidance of individual pupil health, including periodic health examinations as needed.
- C. Teaching of adequate health information.
- D. Promoting health of school personnel.
- E. Development of relationships between school, home and community so that the health program can be carried over into the child's life outside school.
- F. Making necessary adjustments in the school program for children with particular needs.

To help carry out these essentials the health staff may consist of physician, nurses, psychologist, nutritionist, psychiatrist, dental hygienist, and other related specialists. No matter how complete the health staff, it cannot carry out all aspects alone. Since health is a part of every child's daily living, in his classroom, his home and his community, a health program cannot be isolated in the health office. Its success depends on many people—parents, school board, superintendent, teacher, and the nurse.

Constant effort is being made to achieve most satisfactory results in building better health for our children by integration with other school personnel and coordination with state health agencies.

If health service in our school is to be effective, it is obvious that adequate budget and personnel are neces-

sary to meet the needs of our growing school population.

In conclusion, we express our sincere appreciation to the school board, the Superintendent, the parents and teachers for their contribution and support of our health program.

Respectfully submitted,

MARY G. SHEA, R.N.

School Nurse

GEMMA R. JEAN, R.N.

Assistant Nurse

Greenland, N. H.

January 26, 1962

## REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

In the music program, many of the experiences in which the pupils participate are essential from year to year. Therefore, in order to avoid repetition, I should like to state briefly that during the year 1961 the classroom work included the following:

Ear-training, rhythms, work with rhythm band, the learning of rote songs, action songs, singing games, song stories, learning to play tonettes, studying the fundamentals of music, note reading, part-singing, music appreciation and folk and square dancing.

Instruction is also given on the auto harp, which was purchased for the school from the proceeds of a previous operetta.

In the spring, "The Mikado," by Gilbert and Sullivan was presented by the pupils of the 6th, 7th, and 8th grades. From the sale of tickets about \$108 was realized. Of this, \$10 was paid for the purchase of two wooden benches made for the operetta which were given to the school. About \$8 was paid for production materials, leaving about \$90 which was put in the bank to be used for something for the school whenever something is decided upon.

In June, the pupils of the 7th and 8th grades sang at the Baccalaureate Service and at the Graduation Exercises.

At the December meeting of the P.T.A. the 7th and 8th grade students presented "Christmas in an Alpine Village," a story with Christmas folk songs, which concluded the music program for 1961.

In closing, I wish to thank Mr. Hoyt, Mr. Elsemore, the members of the School Board, the P.T.A., Mr. Haight, the teachers and parents for their co-operation.

Respectfully submitted,

ELEANOR HENRY

Kensington, N. H., January 15, 1962
